Aircraft not meeting this requirement are prohibited from operating to any UK airport unless granted an exemption by the UK Civil Aviation Authority (see www.caa.co.uk/erg/avpolicy).

Service and ground handling

- 2.2.5 Operators are required to either self handle or appoint third party Ground Handling Agents, to deliver operational performance in accordance with the minimum airline service standards defined in the current Service Standards GAD. These standards will be consulted on prior to implementation at the Airport Users Committee at Gatwick Airport.

The GAD includes the charge payable should Gatwick Airport Limited be required to facilitate handling of aircraft.

Please refer to the current PRM GAD and General Advice Notice for information regarding this service including the requirement for pre-notification by Airlines. Pricing current at the date of issue of these Conditions of Use is attached as an appendix IV to the Schedule of Charges.

Policing

- 2.2.8 Where a flight destination or carrier is identified as being at significant or high risk the Operator shall pay a charge as notified by the Chief Executive Officer equating to the cost of any policing cost additional to the services normally provided at the airport for carriers or destinations at lower levels of risk.

Noise supplements

- 2.2.9 At Gatwick Airport, aircraft departures which infringe noise thresholds or aircraft of Operators that flagrantly or persistently fail to operate in accordance with Noise Preferential Routes (NPR's) prescribed for the airport, both as measured by the noise and track monitoring system operated by Gatwick Airport Limited, may be subject to supplemental charges promulgated in MDIs or GADs.

2.3 Payment

- 2.3.1 The Operator shall pay the appropriate charges for landing, taking-off and parking of an aircraft, as set out in the Schedule of Charges. The Operator shall also pay for any supplies, services or facilities provided to him or to the aircraft at the airport by or on behalf of Gatwick Airport Limited at the charges determined by Gatwick Airport Limited. All charges referred to in this paragraph shall accrue on a daily basis and shall become due on the day they were incurred and shall be payable to Gatwick Airport Limited on demand and in any event before the aircraft departs from the airport unless otherwise agreed by Gatwick Airport Limited (which agreement may be withdrawn at any time at the discretion of Gatwick Airport Limited) or unless otherwise provided in the terms for payment included in the invoice for such charges.
- 2.3.2 Payments shall be made without deductions (including taxes or charges). If the applicable law requires any tax or charge to be deducted before payment the amount shall be increased so that the payment made will equal the amount due to Gatwick Airport Limited as if no such tax or charge had been imposed.
- 2.3.3 All sums payable to Gatwick Airport Limited are exclusive of VAT which shall, where applicable, be paid in addition at the rate in force at the relevant tax point.
- 2.3.4 All sums due which are not paid on the due date shall bear interest from day to day at the annual rate of the higher of 8%, or the sum of Bank of England base rate plus 3% margin, from the date when such sums were due until the date of payment (both dates inclusive).
- 2.3.5 All new aircraft Operators to Gatwick Airport Limited (being an Operator that has had no flying operation at the airport for the previous two consecutive seasons to the season being requested) are required to lodge a deposit equivalent to 3 months of operations by that aircraft Operator (based on

anticipated numbers and type of flight planned). The deposit may be reviewed after 12 months at the written request of the aircraft Operator, and will be refunded at Gatwick Airport Limited's discretion. A formal explanation will be presented to the aircraft Operator in the event the deposit is still retained by Gatwick Airport Limited following the refund request. When the Operator ceases to operate any flights from the airport for more than two consecutive seasons the deposit will be refunded subject to the right of Gatwick Airport Limited (which is hereby reserved) to set off against any such deposit any appropriate charges that have not been settled in accordance with the above provisions. In exceptional cases the Airport Chief Financial Officer may at his/her discretion waive the requirement for the 3 month deposit.

- 2.3.6 In the event of an Operator currently operating at Gatwick Airport failing to meet the terms of payment for Airport Charges such that the debt incurred exceeds £10k greater than 30 days overdue (at any point within the prior 3 months) then that Operator will be required to lodge a deposit with Gatwick Airport Limited equivalent to a maximum of 3 months of operations by that aircraft Operator (based on anticipated numbers and types of flight planned). Gatwick Airport Limited's Chief Financial Officer may set the level of deposit required at his/her discretion up to the maximum 3 months value, and in exceptional circumstances may waive the deposit requirement.
- 2.3.7 Under the Civil Aviation Act 1982, Gatwick Airport Limited has the power to detain aircraft where default is made in the payment of Airport Charges. The power relates to aircraft in respect of which the charges were incurred (whether or not they were incurred by the person who is the Operator of the aircraft at the time the detention begins) or to any other aircraft of which the person in default is the Operator at the time the detention begins.
- 2.3.8 The Operator agrees that Gatwick Airport Limited shall be entitled to exercise the rights of detention set out at Condition 2.3.7 above or pursuant to the Civil Aviation Act 1982.
- 2.3.9 In the event of:
- 2.3.9.1 the taking of any step in connection with any voluntary arrangement or any other compromise or arrangement for the benefit of any creditors of the Operator; or

 - 2.3.9.4 the appointment of a receiver or manager or an administrative receiver in relation to any property or income of the Operator; or
 - 2.3.9.5 the commencement of a voluntary winding-up in respect of the Operator, except a winding-up for the purpose of amalgamation or reconstruction of a solvent company in respect of which a statutory declaration of solvency has been filed with the Registrar of Companies; or
 - 2.3.9.6 the making of a petition for a winding-up order or a winding-up order in respect of the Operator; or

Then there shall be deemed to be a default in the payment of any Airport Charges which are extant as at the date of such event or procedure shall be deemed to be in default for the purposes of Section 88 of the Civil Aviation Act 1982.

He must pay such charges in full pending resolution of any such claim.

2.3.11 All charges not falling within Condition 2.3.1 above shall be payable within 14 days of service of an invoice. Gatwick Airport Limited shall provide seven days' notice of any intention to withdraw credit facilities but these may be withdrawn immediately upon notice if Gatwick Airport Limited is of the opinion that any act of insolvency (including but not limited to those set out at Condition 2.3.9 above) has or is about to take place in relation to an Operator.

2.3.12 Any queries relating to invoices should be raised with Gatwick Airport Limited's Credit Control Department within 10 days of the invoice date. Relevant contact numbers are shown on our invoices and statements.

2.4 Data

2.4.1 The Operator shall comply with the data requirements as set out in Schedule 4 (Data Requirements) to these Conditions. Gatwick Airport Limited shall be entitled to publish any such information for the purpose of comparing the Operator's on time performance and arrivals baggage performance in such format as it may from time to time determine.

3.1.1 The relevant charges for the landing and the take-off of aircraft as set out in Appendix I of the Schedule of Charges are payable.

3.1.2 The charge on landing and take-off will be assessed and payable on the basis of the aircraft's Maximum Take Off Weight and the aircraft noise certification standard, as recorded by Gatwick Airport Limited on 1 April of each year. The Maximum Take Off Weight will be banded as shown below and charged accordingly as outlined in Appendix 1 of the Schedule of Charges.

3.1.2.1 Less than 16 metric tonnes

3.1.2.2 Greater than or equal to 16 metric tonnes and less than or equal to 50 metric tonnes

3.1.2.3 Greater than 50 metric tonnes

Head of Finance Operations
 Gatwick Airport Limited

- 3.1.8 Chapter 3 aircraft of the following types will be deemed Chapter 3 high:

AN124	BAC1-11	Boeing 707/720B

- 3.1.9 Gatwick Airport Limited will use its discretion in levying this charge pending submission of any certification data as outlined in Condition 3.1.7 and, if an aircraft qualifies for the Chapter 3 base charge, in consideration of retrospective claims for the lower charge.

Chapter 3 minus charge

- 3.1.10 This charge will apply to those jet and non-jet aircraft in excess of 16 metric tonnes which, on BOTH ARRIVAL AND DEPARTURE, have a Quota Count of 0.25, 0.5 or 1, or are exempt, as described under Section 3 of the London/Gatwick Noise Restriction Notice, currently published as a supplement to the UK AIP by the Civil Aviation Authority on behalf of the Department for Transport.
- 3.1.11 The above supplement is revised twice a year, and until an aircraft type is included in the supplement, Gatwick Airport Limited will use its own discretion in classifying the Quota Count of that aircraft type.

In the event of this happening, no subsequent retrospective claim for a lower charge on landing or take-off will be considered by Gatwick Airport Limited.

Chapter 4 charge

3.1.12 This charge will apply to those jet and non-jet aircraft in excess of 16 metric tonnes which

3.1.12.1 were first put into service on or after 1 January 2006 and meet the noise certification standards of ICAO Annex 16 Chapter 4. Documents attesting that the aircraft complies with Chapter 4 noise certification standards must be provided to Gatwick Airport Limited, or

3.1.12.2 can demonstrate that they meet the noise certification standards of ICAO Annex 16 Chapter 4. Documents showing the noise certification values for sideline, flyover and approach, attesting that the aircraft complies with Chapter 4 noise certification standards must be provided to Gatwick Airport Limited.

Emissions charge

3.1.13 An additional NOx emissions charge applies to all aircraft over 8,618kg (based on the aircraft ascertained NOx emission), on landing and take-off as outlined in Appendix I of the Schedule of Charges.

Air Navigation Services charge

3.1.14 There is no separate charge for Air Navigation Services (ANS).

3.2 Charges on terminal departing passengers and non passenger flights

3.2.1 The relevant charges payable by an airline per Terminal Departing Passengers are set out in Appendix 1 of the Schedule of Charges.

Minimum charge on departure

3.2.2 There is a minimum charge on departure for all flights at Gatwick Airport as set out in the relevant Appendix 1 of the Schedule of Charges. A "Minimum Departing charge per ATM" is applied to flights (including non-passenger flights), where an Operator's departing passenger charge drops below the minimum charge threshold. This charge is in addition to any take-off fee that may be payable.

Arrivals / departures from remote stands

3.2.3 Where a flight arrives or departs from a stand which is a designated remote stand, a rebate to the charge on Terminal Departing Passengers will be allowed as set out in the Schedule of Charges, based on the number of Terminal Arriving Passengers and Terminal Departing Passengers using remote stands. Such rebate will not apply:

3.2.3.1 to the extent that it reduces the charges on departing passengers to below the level of the relevant minimum charge on departure set out in the Schedule of Charges; or

3.2.3.2 where a remote stand has been requested by an Operator or its handling agent rather than being required by Gatwick Airport Limited for operational or pier segregation reasons; or

3.2.3.3 where a stand which is not a remote stand has been made available, but has been declined by an Operator or its handling agent.

Security charge

3.2.4 There is no separate charge for security.

3.3 Aircraft parking charges

3.3.1 The relevant charges for aircraft parking as set out in Appendix I of the Schedule of Charges are payable.

3.3.2 The charges for parking of aircraft at the airport will be assessed and payable on the basis of the Maximum Take Off Weight as recorded by Gatwick Airport Limited on 1st April of each year. For the purposes of calculation of aircraft parking charges the Maximum Take Off Weight has been divided into the following three bands:

3.3.2.1 Less than 50 metric tonnes

3.3.2.2 Greater than or equal to 50 metric tonnes and less than or equal to 200 metric tonnes

3.3.2.3 Greater than 200 metric tonnes

3.3.3 Parking charges will be based on the total number of five minutes or part thereof that an aircraft has been parked on areas designated as airport company parking areas.

3.3.4 These charges will apply whether the aircraft is secured to the ground or to a structure on the airport or is left on the ground unsecured.

3.3.5 A peak charge will apply to an aircraft which occupies a pier served stand between 0600 UTC (GMT) and 1159 UTC (GMT) from 1st April to 31st October. During this period of time each minute will count as three minutes for the purpose of the calculation of parking charges.

3.3.6 Parking charges will accrue from the time the aircraft is "on block" until the aircraft is "off block" as recorded by the IDAHO system.

3.3.7 Parking is free between the hours of 2230 and 0459 UTC (GMT) from 1st April to 31st March.

3.3.8 The Chief Executive Officer of the airport has discretion to decide in the light of particular circumstances at the airport to abate or waive the charges set out in the Schedule of Charges in relation to the parking of aircraft at certain times and periods or on certain parts of the airport. In this event, the Chief Financial Officer will supply the details of the terms and conditions of the abatement or waiver of the charges on the request of any Operator who parks aircraft at the airport and the Operator may apply to the Chief Financial Officer for these terms and conditions.

3.3.9 The Chief Executive Officer of Gatwick Airport Limited may at any time order an aircraft Operator either to move a parked aircraft to another position or remove it from the airport. Failure to comply with the order within the period specified in it will render the Operator liable to a special charge, equivalent to eight times the standard parking charges set out in the Schedule of Charges, for every hour or part of an hour during which the aircraft remains in position after the period specified in the order has expired.

3.3.10 No abatement or waiver of the parking charges will be granted except in accordance with the terms of Conditions 3.3.8 and 4.3.1.

3.4 Charges for Specified Activities, PRM, Check-in and Airside Coaching

- 3.4.1 Operators and other users shall pay charges for Utilities, Bus and Coach access, Staff car parking, Staff ID passes and Airside Operators Licence at the rates set out in the relevant appendices within the Schedule of Charges.
- 3.4.2 Gatwick Airport Limited shall ensure that those charges referred to in Condition 3.4.1 and the charges levied by Gatwick Airport Limited for airside parking and cable routing are set at levels which are fair, reasonable and non-discriminatory.
- 3.4.3 At least three months prior to making any amendments to those charges referred to in Condition 3.4.2 above, Gatwick Airport Limited shall provide Operators with relevant information (including cost information, where relevant) and assumptions adequate to verify the basis upon which the amended charges have been calculated.
- 3.4.4 By 31 December in each year Gatwick Airport Limited shall provide Operators and other users with a statement of actual costs and revenues in respect of each of the services and activities referred to in Condition 3.4.2 for the year ending the previous 31 March.

PRM charges

- 3.4.5 Operators shall pay charges in relation to PRM services at the rates set out in the Appendix IV of the Schedule of Charges and the Chief Executive Officer reserves the right to make such changes to these rates as he thinks fit following consultation with airlines, which will be promulgated by issue of a GAD.
- 3.4.6 PRM charges are based on an Operator's pre-notification performance as supplied by the PRM service provider. Pending receipt of such notification Operators shall pay the charges on a provisional basis as if less than two hours-notice had been given in respect of each departing passenger. At Chief Executive Officer's discretion the provisional charges may be based on the Operator's historic performance. PRM charges are levied on each of an Operator's departing passengers. The proportion that the number of an Operator's PRMs in each pre-notification band (as set out in Appendix IV of the Schedule of Charges) bears to the Operator's total number of PRMs is applied to the Operator's total number of departing passengers to provide the number of departing passengers in each relevant pre-notification band for charging purposes.
- 3.4.7 Gatwick Airport Limited will undertake reconciliation against the provisional payment following the end of each calendar month, based on pre-notification performance through data provided by the Inform system of the PRM service provider. Any rebate or additional charge will be calculated and made on the basis of such reconciliation.
- 3.4.8 PRM pricing will be kept under review throughout the 2014/15 period and may be varied by an issue of a GAD.
- 3.4.9 By 31 December in each year Gatwick Airport Limited shall provide Operators with a statement of actual costs and revenues in respect of each of the PRM services for the year ending the previous 31 March.

- 1.3 'Bilateral Contracts' means any contract relating to Airport Charges payable between an Operator and Gatwick Airport Limited other than the Conditions of Use.
- 1.4 'Core Service Charges' means those charges referred to in Appendix I of the Schedule of Charges as may be varied from time to time with the exception of any charges levied in respect of whole plane cargo flights, positioning flights and general and business aviation.
- 1.5 'Core Yield' means the Aggregate Core Revenue divided by the total number of Passengers using the airport in any Relevant Year.

$$CGRD_t = (T_t - Q_t \cdot GY_t) + CGRD_{t-1} (1 + I_{t-1}) \text{ and where } CGRD_{2013/14} = 0$$

1.9 'Cumulative Net Revenue Difference' or 'CNRD_t' is calculated as follows:

$$\text{CNRD}_t = (R_t - Q_t \cdot \text{NY}_t) + \text{CNRD}_{t-1} (1 + I_{t-1}) \text{ and where}$$

$$\text{CNRD}_{2013/14} = 0$$

1.10 'Indicative Net Yield Profile' for a Relevant Year or 'NY_t' is calculated as follows:

$$\text{NY}_t = U_t + B_t + S_t$$

1.11 'Indicative Gross Yield Profile' for a Relevant Year or '(GY_t)' is defined as:

$$\text{GY}_t = W_t + B_t + S_t$$

1.12 'I_{t-1}' means the annual percentage interest rate equal to the sum of:

1.12.1 the average of the UK Treasury Bill Discount Rate (expressed as an annual percentage interest rate) published weekly by the Bank of England, during the 12 months from the beginning of September in t-1 to the end of August in the Relevant Year; and

1.12.2 if the CNRD_{t-1} or the CGRD_{t-1} to which the indexation rate is being applied has a positive value, 3%, otherwise, 0%.

1.17 "S_t" means the permitted security cost per passenger in relevant year t, if any, being: the aggregate of:

1.17.1 90% of the amount by which the increase in security costs at the airport in year t, which arise as a result of a change in required security standards at the airport, exceeds £1m; and

1.17.2 the cost of installing new hold baggage screening equipment in order to meet the requirements of the Department for Transport, the European Commission or other aviation security regulator consulted on by Gatwick Airport Limited in accordance with the capital investment programme consultation process. The cost in year t will be calculated by amortising the capital costs and associated funding costs over the assessed life of the equipment, in equal annual amounts.

divided by (Q_t):

- 1.18 'U_t' is the underlying net yield in Relevant Year t, calculated as follows:

$$U_t = U_{t-1} (1 + RPI_{t-1} + X) \text{ where } U_{2013/14} = \text{£ [tbd]}$$

- 1.20 'X' is 1.5%

- 2 The amount by which the actual Core Yield differs from the Indicative Gross Yield Profile in a Relevant Year will generate a revenue difference which, over the course of the Term, will give rise to the Cumulative Gross Revenue Difference (CGRD_t). Gatwick Airport Limited shall ensure that the Cumulative Gross Revenue Difference does not exceed :

2.1 £10 million in any Relevant Year during the Term; and

2.2 nil at the end of the Term.

- 3 The amount by which the actual Blended Yield differs from the Indicative Net Yield Profile in a Relevant Year will generate a revenue difference which, over the course of the Term, will give rise to the Cumulative Net Revenue Difference (CNRD_t). Gatwick Airport Limited shall ensure that the Cumulative Net Revenue Difference does not exceed nil at the end of the term.

- 4 The Indicative Net Yield Profile and the Indicative Gross Yield Profile represent the intended yield profiles of Gatwick Airport Limited in setting the Core Service Charges. They are indicative only and actual yield profiles may vary due to unanticipated circumstances, deliberate business decisions including responses to market conditions or to adjust for prior year under or over recoveries.

- 5 GAL shall set the Core Service Charge in any Relevant Year with the intent that the Core Yield in that year shall not exceed the Core Yield in the prior year by more than RPI + 10% unless it is required to do so to attain a CGRD_{2020/21} equal to zero.

- 6 Any amendment to the Indicative Gross Yield Profile may be made by Gatwick Airport Limited if:

- 6.1 consent to that amendment is given in writing by:

6.1.1 Operators carrying at least 51% of passengers (in the 12 months immediately preceding the date on which Gatwick Airport Limited notified Operators of the proposed amendment to the Indicative Gross Yield Profile) on airlines operating at the airport paying the Core Service Charge and

6.1.2 by Operators representing at least 50% of the Operators responding in writing; or

- 6.2 following the completion of the work of the Airports Commission the Government supports the development of a second runway at Gatwick Airport, to allow for the recovery of the reasonable costs including funding costs of applying for planning permission for a second

runway and the subsequent development of the second runway and associated airport infrastructure. The recovery of such costs will not be on the basis of an annual pass through, but on the presumption of recovering such costs over a [10 year] period by way of equal instalments.

- 7 When undertaking the annual consultation on airport charges Gatwick Airport Limited will publish the Cumulative Gross Revenue Difference and the Cumulative Net Revenue Difference for the previous year (including underlying actuals data), an estimate of the Cumulative Gross Revenue Difference and the Cumulative Net Revenue Difference for the current year and the following year (including underlying assumptions and estimated data).
- 8 Gatwick Airport Limited shall notify the CAA and all Operators at the airport at least 2 years prior to the end of the Term of its intention with regards to the continuation of commitments, if any, on pricing, service standards, continuity of service, operational and financial resilience, investment consultation and financial information.

Schedule 3 Service Commitments

1. The Core Service Rebate to an Operator 'a' in month 'j' shall be calculated as:

$$\text{Core Service Rebate}_{a,j} = \sum_t \text{Net Rebate Percentage}_{a,t,j} \cdot \text{Core Service Charge}_{a,t,j}$$

Where:

$$\begin{aligned} \text{Net Rebate Percentage}_{a,t,j} &= \text{Service Rebate Percentage}_{t,j} - \\ &\quad - \text{Airline Standard Rebate Percentage}_{a,t,j} \end{aligned}$$

Core Service Charge_{a,j,t} = Core Service Charges payable by each Operator "a", in respect of terminal "t", in relevant month "j"

2. The Service Rebate Percentage in month 'j' for each terminal 't' shall be calculated as follows:

For each terminal t, the Service Rebate Percentage for the month j shall be calculated as:

$$\text{Service Rebate Percentage}_{t,j} = \sum_{\text{standard } i} p_{i,t} \cdot x_{i,t,j}$$

Where:

$p_{i,t}$ = the maximum potential Core Service Standard rebate percentage per month for standard "i", for terminal "t", as set out in Appendix 1 to this Schedule

$x_{i,t,j}$ = 0 if the standard "i", for terminal "t", in month "j" is greater than or equal to the Core Service Standard rebate level, as set out in Appendix 1 to this Schedule; or

1 if the standard "i", for terminal "t", in month "j" is less than the Core Service Standard rebate level, as set out in Appendix 1 to this Schedule;

or

in relation only to Selected Passenger Facing Measures, 1.25 if the relevant standard "i", for terminal "t", in months "j" and in each of the five immediately preceding months (i.e. "j-1", "j-2", "j-3", "j-4", "j-5") is or was less than the Core Service Standard rebate level, as set out in Appendix 1 to this Schedule. Provided that the maximum aggregate Service Rebate Percentage payable in relation to all Selected Passenger Facing Measures shall not exceed 3.50% in any financial year ending 31 March.

For the purposes of this calculation, the Selected Passenger Facing Measures comprise those that are eligible for a Core Service Bonus, namely: Departure Lounge Seat Availability; Cleanliness; Way-Finding; Flight Information; Central Passenger Search (times < 5 minutes, times < 15 minutes); Passenger Sensitive Equipment (General); Passenger Sensitive Equipment (Priority); and Arrivals Reclaim (Baggage Carousels).

3. Airline Standard Reduction Percentage for each airline "a" shall be calculated as:

$$\text{Airline Standard Reduction Percentage}_{a,t,j} = \sum_{\text{standard } k} r_{k,t} \cdot z_{k,t,j}$$

Where:

$r_{k,t}$ = the potential Airline Service Standard Reduction Percentage per month for standard "k", for terminal "t", as set out in Appendix III to this Schedule.

$z_{k,t,j}$ = 0 if the standard "k", for terminal "t", in month "j" is greater than or equal to the Airline Service Standard Target Level, as set out in Appendix III to this Schedule; or
1 if the standard "k", for terminal "t", in month "j" is less than the Airline Service Standard Target Level, as set out in Appendix III to this Schedule.

4. Core Service Bonus earned by GAL each year for meeting the Service Bonus Standard Levels will be calculated as:

$$\text{Core Service Rebate} = \sum_{t,j} \text{Service Bonus Percentage}_{t,j} \cdot \text{Core Service Charge}_{t,j}$$

Where:

Core Service Charges in respect of terminal "t", in relevant month "j".

5. The Service Bonus Percentage in month 'j' for each terminal 't' shall be calculated as follows:

$$\text{Service Bonus Percentage}_{t,j} = \sum_{\text{standard } i} q_{i,t} \cdot y_{i,t,j}$$

Where:

$q_{i,t}$ = the maximum potential Core Service Standard Bonus percentage per month for standard "i", for terminal "t", as set out in Appendix I to this Schedule.

$y_{i,t,j}$ = 1 if the standard "i", for terminal "t", in month "j" is greater than or equal to the Core Service Standard Bonus Level, as set out in Appendix I to this Schedule; or
0 if the standard "i", for terminal "t", in month "j" is less than the Core Service Standard Bonus Level, as set out in Appendix I to this Schedule.

6. Gatwick Airport Limited shall be under no obligation to pay the Core Service Rebate to an Operator which has failed to pay Gatwick Airport Limited any amounts due and owing under these Conditions of Use.

Amendment

7. Any amendment to the Airline Service Standards or the Core Service Standards may be made by Gatwick Airport Limited following consultation with the Gatwick Airline Operators Committee and the Gatwick Airline Consultative Committee if consent to that change is given in writing by:

- 7.1 Operators carrying at least 51% of passengers (in the 12 months immediately preceding the date on which Gatwick Airport Limited notifies Operators of the proposed amendment)

travelling through the airport on airlines operating at the airport paying the Core Service Charge or operating under bilateral contracts which have not waived or replaced these Core Service Standards provisions and by

7.2 by Operators representing at least 50% of the Operators responding in writing.

Monitoring

8. Gatwick Airport Limited shall monitor and publish a monthly report in relation to certain airport-wide activities including:
 - 8.1 The Core Service Standards
 - 8.2 The Operator Service Standards
 - 8.3 PRM service and notification
 - 8.4 On-time performance (departures and arrivals)
 - 8.5 Immigration performance; and
 - 8.6 Airport Service Quality.

9. If Gatwick Airport Limited fails to meet any Core Service Standard for any six consecutive months it will prepare an improvement plan to address the failure and will consult with the Gatwick Airline Consultative Committee and the CAA on its proposals and will then implement the improvement plan.

For the purpose of calculating the passenger satisfaction measures, the security queues, the Passenger operational measures and the Airline operational measures the provisions of Appendix II of this Schedule shall apply.

Schedule 3 Appendix II Measurement of satisfaction, security queues and availability

- 1 “QSM” is The Quality of Service Monitor survey which shall be used to assess passenger satisfaction and conducted using the following approach:
- 1.1 The QSM will be based on the results of survey interviews with not less than 18,000 passengers (departing & arriving interviews combined) per year at Gatwick; and
- 1.2 the interviews obtained shall reflect quotas based on the expected profile of passengers travelling through the airport, set by:
- country of destination for departing interviews; and
 - country of origin for arriving interviews.
- 1.3 In instances where the country quota is high, the sample may have a sub-quota for individual airport destinations.
- 1.4 The QSM scores shall be calculated through a weighted average of the individual scores, weighted by actual traffic statistics for the month.
- 1.5 Departing passengers shall be interviewed at the gate/gate area, immediately prior to boarding the aircraft.
- 1.6 Arriving passengers shall be interviewed on the Arrivals Concourse just before leaving the terminal building.
- 1.7 Selection of passengers to take part in the survey shall be random and unbiased.
- 1.8 During the course of a month, interviewing shall be conducted in both terminals on a selection of mornings/afternoons and weekdays/weekend days.
- 1.9 The following interviewing procedures shall apply:
- 1.9.1 *Introduction*
The interviewer states “I am now going to ask you a series of questions which require you to rate your answers on the same rating scale”. The showcard is then displayed with the following responses on it: Extremely poor (1), Poor (2), Average (3), Good (4), Excellent (5)
- Departure lounge seat availability*
– “Now, thinking about the departures lounge, how do you rate the ease of finding a seat?”
- 1.9.2 *Way-finding*
A weighted average of the QSM scores for the three way-finding questions, weighted by the proportion of passengers using each form of way-finding: “How easy for you was it to find your way around within this terminal?” (question asked of departing passengers) · “Have you been between terminals today? How would you rate the ease of finding your way?” (question asked of departing passengers). “How easy was it to find your way around within this terminal?” (question asked of arriving passengers)
- 1.9.3 *Flight Information*
A simple average of the QSM scores for the three flight information questions which are asked of departing passengers
- “Flight information (screens and boards only) - how do you rate the ease of finding?”
 - “Flight information (screens and boards only) - how do you rate the ease of reading?”
 - “Flight information (screens and boards only) - how do you rate the ease of understanding the information?”
- 1.9.4 *Cleanliness*
A weighted average of the QSM scores for five cleanliness questions, weighted by the proportion of passengers using each type of facility. “Where was your boarding card issued to you for today’s flight?
· How do you rate the level of cleanliness?” (question asked of departing passengers) · “Now thinking about the departures lounge, how do you rate the cleanliness?” (question asked of departing passengers) · “How would you rate the cleanliness of the arrivals concourse?” (question asked of arriving passengers) · “I am going to read out a list of the services/facilities which you may have used

or wanted to use in this terminal today. How do you rate the toilet facilities level of cleanliness?”
(question asked of arriving passengers)

2 “Queue Length” shall be the time taken for a passenger to move from the back of the security queue or in the case of the South Terminal from the automated access control gates to the first divest station of the roller bed after the X-ray machine from which shall be deducted an agreed unhindered walk time from the start point of the queue measurement to the end point. This measurement shall be taken every 15 minutes.

3 “Availability” of relevant facilities is defined for element I in month j as:

$$\text{Availability}_{ij} = 100 \cdot \left(1 - \frac{\sum_{k=\text{assets in } i} TU_k}{n_k T} \right)$$

• Where:

- Availability_{ij} is the percentage availability of element i in month j;
- n_k is the number of assets included in element i;
- TU_k is the time that asset k is unavailable as set out below;
- T is the total relevant time in month j.

The time that an asset is unavailable shall be measured from the time when a fault is reported by automatic back indication or by inspection or by a third party report (subject to the exclusions in paragraph 4).

4 The following sets out the limited circumstances when time will not be required to be counted towards the time when equipment is unavailable or when other standards are not met:

4.1 specific stands, jetties and FEGP to accommodate annual and five yearly statutory inspections, where this work is done in consultation with the airport AOC, and the period specified in advance, the exclusion not to be more than two days over any year (measured from 1 April –31 March) for any particular relevant asset. If works extend beyond any notified period, then any additional downtime would count against the serviceability standard;

4.2 specific passenger sensitive equipment or arrivals reclaim baggage carousels to accommodate planned maintenance, where the work is done in consultation with the airport AOC, the period is specified in advance, the work falls in a dead-band month as defined in paragraph 4.2.1 below, and the exclusion is not more than 30 days over any year (measured from 1 April –31 March) for any particular relevant asset. If works extend beyond a notified period, then any additional downtime would count against the serviceability standard. (If a specific asset is measured against both the general PSE standard and the priority PSE standard this exclusion applies to both).

4.2.1 A relevant dead-band month is:

4.2.1.1 November,

4.2.1.2 January,

4.2.1.3 February, or

4.2.1.4 March (where Easter Sunday falls on or after 7 April), or

4.2.1.5 a month agreed to in writing for the relevant asset or element and terminal by the airport operator and the AOC.

4.3 security queues for two hours following evacuations;

4.4 closure of passenger-sensitive equipment (lifts, escalators, moving walkways) in areas immediately adjacent to security queues where it is considered by the relevant BAA managers that their continued use is likely to lead to unacceptable health and safety risks due to increased congestion;

4.5 stands taken out of service to accommodate high security flights;

- 4.6 closure of stands to ensure passenger safety during evacuation, emergency or safety incidents and relevant passenger sensitive equipment subject to the AOC agreeing after the event that such passenger service equipment was in the immediate vicinity of the stands or the incident;
- 4.7 downtime where equipment is automatically shut down by fire alarm activation and the fire alarm activation is not due to a system fault with the fire alarm;
- 4.8 passenger sensitive equipment where downtime is due to the activation of an emergency stop bottom or break glass, limited to equipment where there is back indication of serviceability and limited to 10 minutes for each occurrence in the case of false alarms;
- 4.9 downtime to accommodate fire risk assessed deep cleans where an assessment of the equipment's condition has shown that a deep clean is needed to ensure a safe operation can be maintained and to reduce the risk of fire;
- 4.10 equipment downtime due to damage of, or misuse to, baggage carousels, jetties, stand equipment (e.g. lighting) or fixed electrical ground power units likely to have been caused by airlines or their agents or to passenger sensitive equipment where an airline or airline agent has accepted responsibility or where the AOC agrees with the airport in writing that the likelihood is that the damage has been caused by an airline or its agent;
- 4.11 downtime where a fault has been reported by airlines or their agents, but, when the engineers attend the site, no fault is found and the equipment is working;
- 4.12 equipment or stands taken out of service whilst a major investment project is undertaken in the vicinity where this is done in consultation with users and the timing of work has been determined after consultation with the terminal's AOC, and the period specified in advance. If work extends beyond this period, then the additional downtime will count against the serviceability target; and
- 4.13 equipment or stands taken out of service for replacement or major refurbishment work, i.e. 're-lifing' work when the timing of work has been determined after consultation with the terminal's AOC, and the period specified in advance. If work extends beyond this period, then the additional downtime will count against the serviceability target
- 4.14 security process and equipment trials that are carried out for a predetermined period that has been agreed by Gatwick Airport Limited and the AOC are excluded for the period of the trial.

Schedule 3 Appendix III – Airline Service Standards

Standard "k"	Metric	Target Level	Reduction Percentage
Check-in performance – queue time	Times <30 Minutes	95%	0.80%
Arrivals bag performance – last bag on carousel	Times <45 Minutes (long-haul)	95%	0.80%

The check-in performance metric is not routinely measured, although the use of automated queue measurement in South Terminal security indicates that this is feasible. Gatwick Airport Limited will consult with the Gatwick AOC to determine the appropriate approach for implementing such a measurement.

Schedule 4 (Capital Investment Consultation)

1. Definitions

For the purposes of this Schedule the following definitions apply:

- 1.1 'Major Development Projects', means those individual projects or individual programmes of projects in excess of £10m (excluding the Asset Stewardship Programme) and the Second Runway Project;

 - 2.1.1 ACC: to consider strategic matters involving the medium- to long-term development of the airport;
 - 2.1.2 Capital sub-committee of ACC: to consider tactical matters involving the delivery by GAL of the capital development programme; and
 - 2.1.3 Working groups (informal and formal): to consider operational impacts of projects on the day-to-day activities of the airlines operating at the airport. These working groups (where required) will be project specific, involve affected airlines, and may require a formally constituted working group for significant projects requiring a high degree of airline input into the design and execution planning (e.g. check-in transformation).

3. Master Plan

Before publishing a revised Master Plan for the Airport GAL will consult with Operators and the ACC as well as other business partners and the local community.

4. Capital Investment Programme

- 4.2 The forecast cost of the capital investment programme will:
 - 4.2.1 summarise expenditure on each of the Major Development Projects;
 - 4.2.2 summarise aggregate expenditure on the Asset Stewardship Programme (across all five elements);
 - 4.2.3 summarise aggregate expenditure on Minor Development Projects;
 - 4.2.4 be at a level of detail that reflects the planning horizon and Tollgate status for projects, with those in the short-term being more granular and certain than those in the final years of the forecast; and
 - 4.2.5 provide an explanation as to any material differences between the latest forecast and both the prior year forecast and the forecast incorporated in the CAA's 2013 price control review.

5. Individual Major Development Project consultation

- 5.1 As part of the annual Capital Investment Programme consultation with the ACC, GAL will consult with airlines in relation to Major Development Projects (with the exception of Commercial Return Projects and Dedicated Airline Projects) covering:
 - 5.1.1 high-level options for the development of Major Development Projects and the trade-offs involved between alternatives;
 - 5.1.2 the outputs that are expected to be delivered in terms of service, capacity, operating cost, and revenue;
 - 5.1.3 scope, programme and cost of the project required to deliver the business objectives; and
 - 5.1.4 the business case for the project.
- 5.2 GAL will consult with the Capital sub-committee of the ACC in relation to the Major Development Projects at Tollgate 2, Tollgate 3, and Tollgate 4. This will require meetings on a more frequent basis than annually.
- 5.3 Following Tollgate 4, progress with the delivery of Major Development Projects will be reviewed by the Capital sub-committee of the ACC as part of its annual Capital Investment Performance Review (see below).

6. Annual Capital Investment Performance Review
